Work Experience

EB Pearls UI/UX Designer

SEPT 2025 - JUN 2026

- Collaborated with clients and cross-functional teams on global projects, presenting design decisions, gathering feedback, and aligning stakeholders while managing multiple projects.
- Owned end-to-end product design in Figma, including user flows, wireframes, and high-fidelity UI for SaaS dashboards, payment systems, telehealth platforms, and internal tools.
- Led complete design delivery from concept to handoff, including client presentations, iterations, and fast-paced UX/UI execution across 30–40 screen projects.

Freelance Freelance Designer

SEPT 2024 - SEPT 2025

- Designed wireframes, prototypes, and visual designs for web-based products
- Created custom dashboard, CMS designs to help admin track products and manage content easily prioritizing clear navigation and organized layouts, ensuring that even non-technical users could navigate the system and find the information they needed quickly

Education

AIMS College B.Sc. Computer Science and IT

2020-2025

- Relevant coursework: Data Structures, Algorithms, Database Management Systems, Software Engineering, Computer Networks, Operating Systems
- Completed a capstone project where I developed an inventory management application, applying core software engineering principles

Clove IT UI/UX Design Course

JUN 2025 - JULY 2025

- Understanding Basic Color Theory (60-30-10 rule), Spacing (4pt Spacing), Typography
- Learned core UI/UX design principles: visual hierarchy, typography, color theory, spacing
- AI Literacy and its impact in designing
- UI best practices (consistency, accessibility, responsive design)
